

Get creative in our Lab!

Our Lab is the perfect space for brainstorming sessions with small teams (up to 15 people), hosting team days, meditation groups, and other special courses for people who want to step out of their own environment and reignite that creative spark.

The NDSM-wharf is an iconic space - a city within a city - reached by crossing the IJ via the ferry and easily by car. The NDSM industrial urban area is filled with amazing graffiti and beautiful historic buildings, with constant creative activity that creates a unique and interesting dynamic.

By renting our Lab, you'll get access to the inspiring opportunity to break uncreative cycles - a pretty sweet deal if you ask us!

LABDAY DEAL: €750

0/5 LABDAY: €450

We offer: fuel for your brain and body.
